

PATIENT INFORMATION

Welcome to Peak Performance PTST,

We are looking forward to serving you in your health care needs. Due to the growing problems and frustrations with Insurance companies we are asking our patients to take a more active role in knowing their health care benefits, especially co-pays, deductibles, and special requirements by your insurance company. By doing this, there will be less confusion later and better understanding of what services are covered and what our patients will be expected to pay. We encourage you to give your insurance a call and educate yourself on your coverage options. Customer service phone numbers can be found on the back of your insurance card. All co-pays are expected at the time of service.

We are more than happy to bill your Insurance Company if it is an Insurance Company our clinic participates with. We do this as a courtesy to our patients, but we do expect full cooperation if any problems occur. Our Insurance department @ **720-291-5201** will assist you within reason with your Insurance problems if we billed your claims. **It is your responsibility to immediately notify our staff of any changes in your insurance or you will be responsible for your bills.**

All referrals from your PCP are your responsibility and should be in place before your initial visit. If you have any questions, please ask the receptionist. Please be aware that we cannot guarantee benefits or your coverage. We will only know for sure what your benefits are when your Insurance Company has reviewed your charges. **We strongly encourage our patients to check with their Insurance carrier and understand their coverage.** Thank you for your cooperation in this matter.
